

Our work is not defined by kiddos improving their golf score. It's about strengthening what they bring to everything they do, including golf!

We've spent over 15 years in the Sandhills building experiences to empower kids through a lifetime of new challenges and continuous personal growth.

We believe in developing ones that are just as fun as they are meaningful, where kids feel excited to grow, safe to fail, and better equipped for whatever comes their way next.

## Our promise is delivered through...

**11** program locations

**60** coaches and volunteers

**68** partner elementary schools

**126** sets of junior clubs for participants

**380** scholarships provided in 2019 at a 100% approval rate

## Young people in our programs are...

- More confident in school
- Supported by coaches, who they view as caring mentors
- Active community members
- Always welcome, regardless of financial circumstances

To make these outcomes possible, we seamlessly integrate the game of golf with a dynamic life skills curriculum. From there, we create active learning experiences that build inner strength, self-confidence, and resilience that kids can carry away from the course.

## Building experiences that build character
